Signed:		Date:	
Declared at:			
this		day of	2019
Before me (<i>a Solicitor of the High Court of New Zealand</i>):			

Orientation Guide for Prospective Trustees of Electra

Welcome to the Electra Trust

This paper provides a brief overview of the role and responsibilities of the Trust. It aims to outline the layers of Electra Limited and where a Trustee is expected to fit in.

Electra Trust

Electra Trust owns 100% of the shares in Electra Limited (lines company) on behalf of the 44,500 electricity consumers (beneficiaries) who are connected to the lines network in Kapiti and Horowhenua. The Trustees operate under the terms of the Trust Deed which lays out very clearly the parameters under which they work.

The Electra Trust Deed was formalised on 30 April 1993 and consolidated in November 2003 to incorporate the changes required by the Electricity Reform Act. Apart from the change of name in 2002, the Trust Deed has remained unchanged until July 2012 when an amendment to the Ownership Clause was authorised. This amendment removed the seven year automatic review process and replaced it with a formal provision for discussion on ownership reviews at future Annual Beneficiary meetings at seven yearly intervals, starting in 2019. In 2015 the Trust Deed was amended to allow for on-line voting, thus it now allows for both electronic and postal voting. Any changes to the Trust Deed recommended by the Trustees require 75% support from the beneficiaries.

The Trustees

There are six Trustees who collectively hold the shares on behalf of the beneficiaries. They are elected for three years. Two retire annually and may stand for re-election.

The Trustees do NOT run the business or employ the Chief Executive. They are there as guardians of the people to ensure an effective and well run company capable of providing the annual discount to its users.

The Trustees DO appoint the directors and have responsibility for making sure their performance is reviewed. Directors are appointed for 3 years. Each year two of them are considered for reappointment. The Trustees decide whether to reappoint each director or whether to appoint a new director. When a new director is being appointed, the Trust invites director input into the choice of candidates. The Trustees determine the remuneration of the directors for ratification at the AGM.

The Trustees approve the Company's Statement of Corporate Intent, monitor the performance of the Company, and report to beneficiaries at the Annual Meeting.

The Company

Electra Ltd is an electricity lines company, operating and maintaining the lines network, transformers and sub-stations. It owns subsidiaries Electra Services Ltd and Electra Generation Ltd.

Electra is the 9th biggest lines company in New Zealand.
The network extends from Paekakariki to Foxton and Tokomaru.
The company employs approximately 150 people.

The Directors

The six directors are appointed by the Trustees, manage the business, employ the chief executive and advise the Trustees of all matters germane to interests of the beneficiaries. Directors are appointed for 3 years and each year two of them are considered for reappointment, as already outlined. The directors provide The Electra Annual Review and Annual Report for consideration by the Trustees prior to printing for the AGM.

The Industry

There are four layers in the industry:

The Generators: Contact, Meridian, Genesis, Mighty River Power and Trustpower.

The Transmitter: Transpower

The Distributors: Electra (our lines company) and 28 other lines companies

The Retailers: (the power companies) Contact, Genesis, Energy On Line, Meridian, Electra Energy, Mighty River, Nova, Power Shop, Pulse Utilities, Simply Energy, Trustpower and others.

Meetings

The Trustees are briefed every 3 months by the directors on the direction of the company, or more often if needed.

The Trustees hold their own separate meeting following the briefing and other meetings as necessary throughout the year. Meetings usually occur 6 weekly.

In addition Trustees are encouraged to attend the biannual conferences held by the Energy Trusts of New Zealand, an association of which we are a member.

Fees

The Trustees currently receive a total package of \$87,500 divided amongst the six trustees. The Chair receives approximately twice the amount of the remaining five trustees.
